

Overview

Founded by Veteran Gourav (Raj) De in 2015, Homco Renaissance Inc. (HRI) is a certified minority/diverse, disadvantaged business operating in Maryland and Pennsylvania. HRI specializes in Design, Construction Administration, and Commissioning, covering all disciplines and systems. Our clients include large private corporations, government, and military agencies. We handle mission-critical projects such as nationwide data centers, healthcare facilities, utility plants, and transportation systems. Homco Renaissance, Inc. is dedicated to delivering exceptional service and ensuring the success of every project we undertake.

Our divisions integrate construction expertise from various perspectives, including:

- Owners
- Management
- Facilities
- Design
- Contractors
- Subcontractors
- Vendors
- Consultants

We focus on enhancing the construction process and client experience through:

- Communication, Coordination, and Collaboration
- Simplification and Improved Decision-Making
- Maturation from Past Lessons-Learned and Implementation into Future Projects
